

PSAA alumni Sabbath includes great memories, basketball, volleyball, and indoor arena soccer

4/19/15

This year's PSAA Alumni Sabbath included an evening program featuring recollections by Kyle Hardest from the honor class of 2005 and Anastasia Bokov from the honor class of 2010.

Kyle showed up with his ragged, yellow baseball hat that had been signed by all of his classmates which he had promised to wear to his 10 year reunion. The evening's keynote address was given by Leif Anderson, graduate of the class of 1999, and the former athletic director at PSAA.

Following the program there was time for mingling and reconnecting with classmates while enjoying hors d'oeuvres served in the student lounge. Then the evening activities moved to the ever-popular athletic events which included men's basketball, women's volleyball, and for the first time, indoor arena soccer. A great time was had by all.
